Acknowledgements

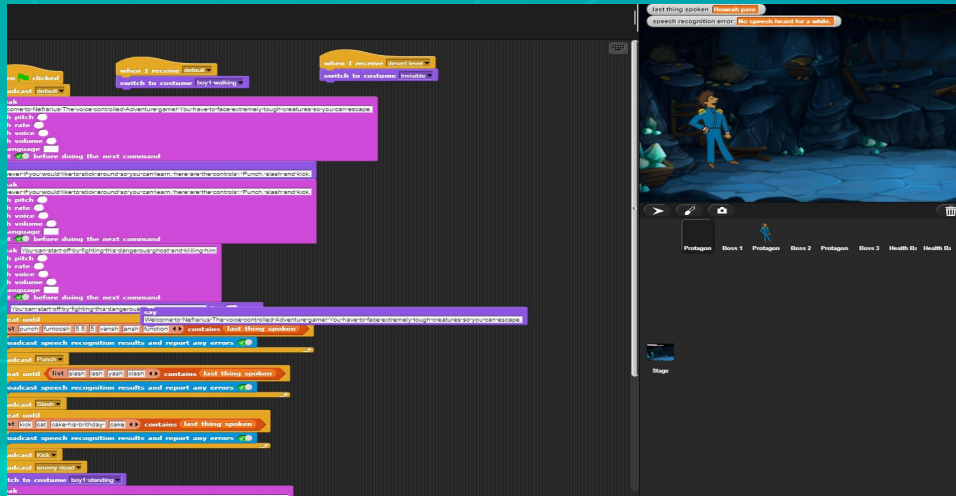

- Thank you everyone who has helped me with my voice-activated adventure game. I'd want to express my gratitude to Mr. Ken Kahn, Mrs. Pratibha, Ms. Smita, and clevered for providing me with the opportunity to participate in this fantastic internship, and I look forward to continuing to improve my project.

About Me..

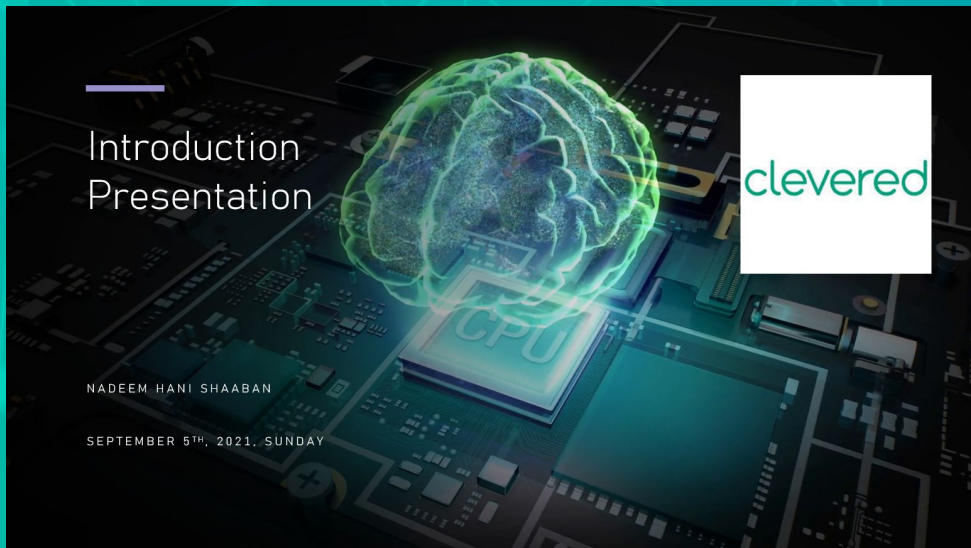

- Hello, my name is Nadeem Hani Shaaban, and I am 12 years old. I am in year 8. My ambition is to pursue a career in information technology and I would love to become a computer scientist.

About My Internship with Clevered..

- I am now able to use voice recognition and speech synthesis using the program snap, and I am looking forward to enhancing my project throughout the next lessons.

About App..

- The program includes a tutorial that teaches how to play the game, how it works, and how to use the controls.
- The game is about three different protagonists who must defeat mini bosses in order to escape from the locations. Each level has a different map and different characters, and the game is controlled through speech to make it easier and more enjoyable to play.

How do I use the App?

The game is controlled by the player's voice, as explained in the tutorial; the three attack commands are punch, slash, and kick.
